

# Staying Healthy at Pasitos School

We are going back to school! I'm excited to see my maestras, classroom, and amigos. At school, there are some things that will be new and different.

My family will wear masks when they drop me off. The masks cover their mouths and noses, but we can still see their eyes! They wear the masks to keep everyone at school healthy and safe.

When we arrive at school, we will be parking in the parking lot like before. We might have to wait a little bit outside the classroom door before we go inside. That's okay. We can play games or sing songs while we wait.

Pasitos West

Pasitos Central

When it's my turn to go inside, my maestra will be there to greet me!

My maestras will also be wearing a mask. I will be able to see their eyes and hear their voice.

The maestras will all have a picture of themselves on their shirt.

My maestra will take my temperature with a new thermometer. I say goodbye to my family at the door. Now it's time to go into my classroom and see my friends!

My amigos and I will be encouraged to wear our masks. Our masks help us to not get sick and keep everyone healthy.

When we're outside, we can take our masks off so we can run around and not get too hot.

When I enter the classroom, the first thing I do is wash my hands with soap and water, *agua y jabón*.

This helps everyone to stay healthy.

We will have to wash our hands a little more throughout the day:

We will still wash after we go to the bathroom, and before and after we eat.

We will also wash hands before we go outside and when we come back inside,

and of course, after we play with something messy!

After washing, I can play. In order to keep everyone healthy, we will be staying on our side of the classroom.

This helps germs from spreading.

My maestra will tell me which toilet and which sink I get to use.

Hugging and touching our friends and teachers might spread germs.

Make a drawing!

We can do other things to show how much we love our friends and teachers.

Snack will be a little different! Instead of serving myself, the maestra will be serving my snack.

When it is time to go home, I will gather my belongings.

Once my family is outside, a maestra will walk with me to the door.
